

HSG Patient Share of Care™

Establish Patient Loyalty and Grow Revenue

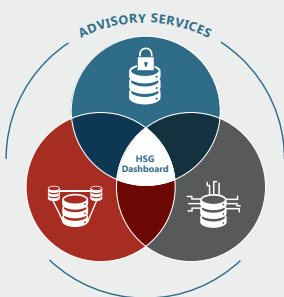

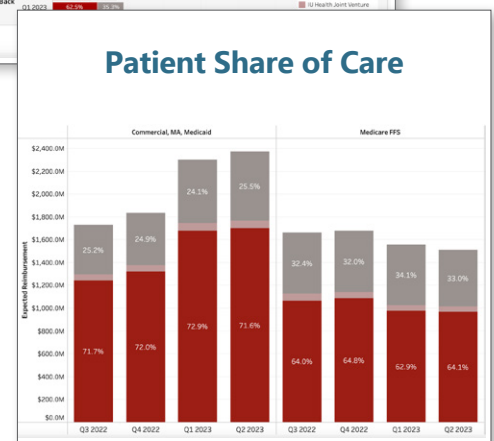

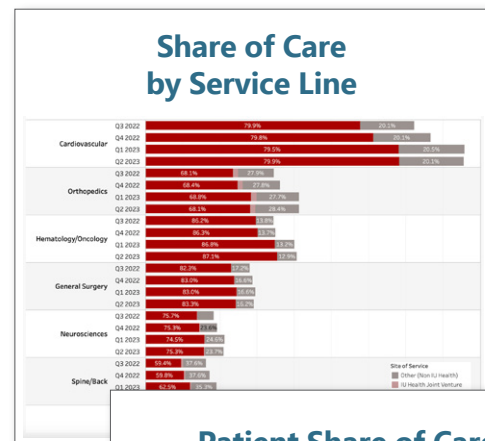

Evaluate areas of financial improvement by measuring and tracking overall patient utilization of the care continuum and total healthcare spend within a given market

Strategic Advantages

- Measure patient loyalty based on total healthcare spend (inpatient, outpatient, ambulatory, physician office, and more) at the network, practice, region, or individual provider level
- Build customized patient populations for measurement and management based on organizational strategies and objectives
- Establish a single metric to support your entire health system growth

Examples of Data Insights

- Trending data with easy-to-interpret visualizations for immediate opportunity identification by geography, service line, and subservice line
- Customized report development and data extraction available directly within HSG Dashboard
- Utilization of HSG's Proprietary service line definitions based on most-recent CPT, ICD-10, or DRG-coding

Analytical Deliverables

Reporting frequency: Quarterly

Data sets utilized: HSG's Proprietary All-Payer Claims Database
