

HSG State-Level Market Share

Better Understand Inpatient Utilization Trends at the Market, Service Line, and Subservice Line Levels

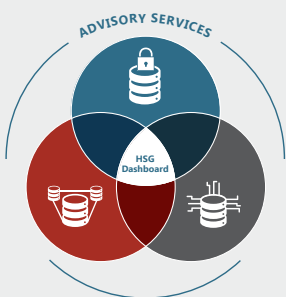

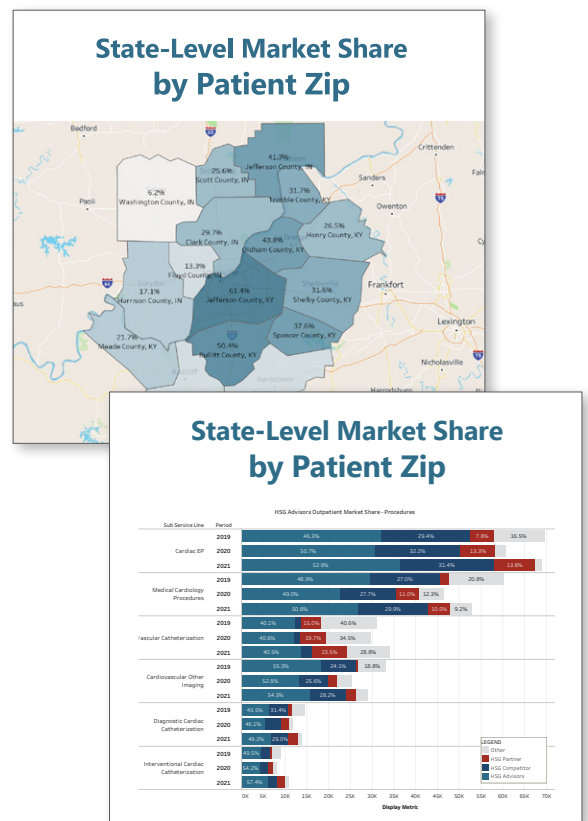

Evaluate inpatient market share based on DRG-level data across all inpatient sites of care at the overall, service line, and subservice line-level

Strategic Advantages

- Access an easy-to-understand visual overview of state-level market share data tailored to your specific organizational needs and objectives
- Identify inpatient growth opportunities by geography, service line, or service type
- Determine where, and for what services, inpatient outmigration is occurring

Examples of Data Insights

- Trending data with easy-to-interpret visualizations for immediate opportunity identification by individual procedure (DRG or ICD-10), payer type, service line(s), and geography
- Customized report development and data extraction available directly within HSG Dashboard

Analytical Deliverables

Reporting frequency: Quarterly

Data sets utilized: State-Level External Data from Client's State Hospital Association
